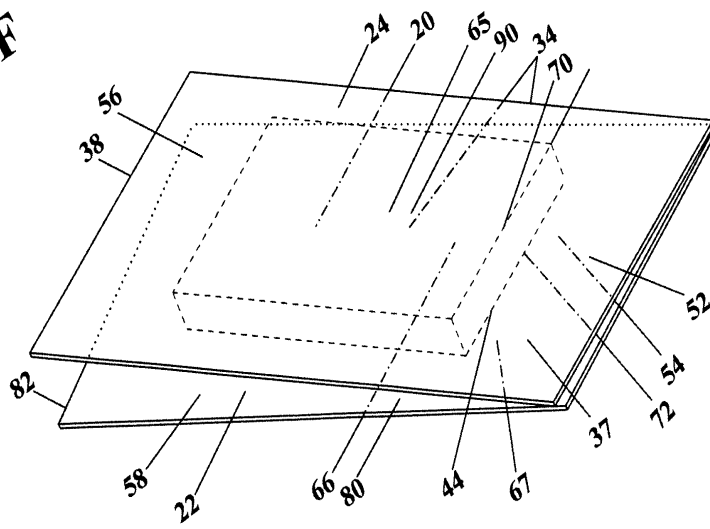

FIG. 8F is a perspective view of a multi-layered rectangular assembly, similar to FIG. 8E, but with a different internal structure. The assembly consists of several layers, with the top layer labeled 20 and the bottom layer labeled 22. A central rectangular region is defined by dashed lines, with its top edge labeled 24 and its bottom edge labeled 44. The top layer 20 has a rectangular opening in its center, with its top edge labeled 34 and its bottom edge labeled 44. The bottom layer 22 has a rectangular opening in its center, with its top edge labeled 37 and its bottom edge labeled 44. The assembly is shown in a perspective view, with the top layer 20 and the bottom layer 22 being parallel to each other. The central rectangular region is defined by dashed lines, with its top edge labeled 24 and its bottom edge labeled 44. The top layer 20 has a rectangular opening in its center, with its top edge labeled 34 and its bottom edge labeled 44. The bottom layer 22 has a rectangular opening in its center, with its top edge labeled 37 and its bottom edge labeled 44.
